

jOiNEd For sUsTainability - bUilding climate REsilient
communities in WB and EU

CEM - contribution to the Project

Kick-off meeting
Chamber of Engineers of
Montenegro

Date: 3/4 May 2023

Place: Tirana

Co-funded by the
European Union

Chamber of Engineers of Montenegro

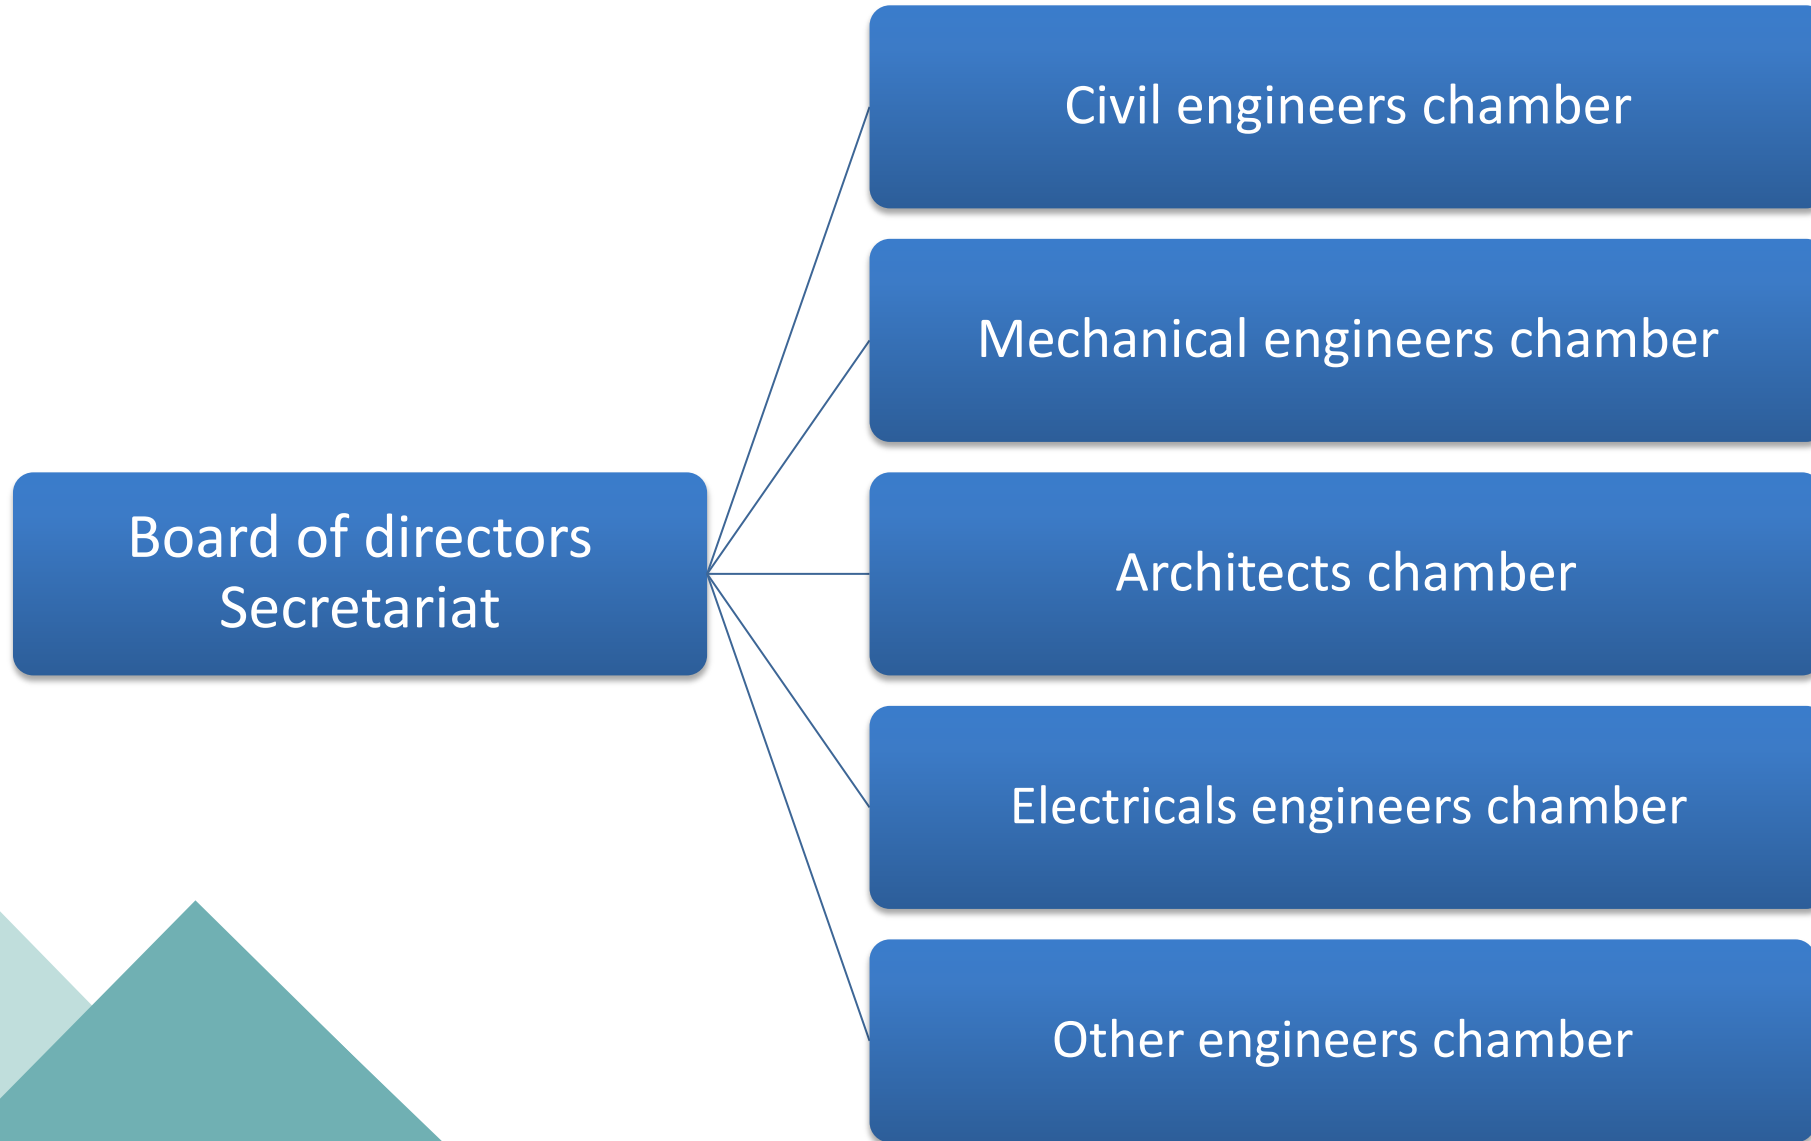

- The Chamber is an independent professional organization that protects the reputation, honor and rights of authorized engineering professions in Montenegro.
- It was established by the **Law on Spatial Planning and Building Construction**, by which it was given the obligation to exercise certain public powers on behalf of the State.

Chamber of Engineers of Montenegro

- **What are these public powers?**
- improves and ensures professional development of members;
- keeps the register of members of the Chamber;
- keeps a register of professional trainings and the **achieved number of members' points**
- organizes and conducts the passing of the **professional examination;**
- determines training programs

Total number of members

- **2.500**
- **domestic and foreign**

Number of organized events First three month 2023

- **16**
- **an average of 5.3 per month**
- **Number of participants 1.781**
- **an average of 111 per event**

- These figures indicate** that we can expect about 63 events this year,
Which will be attended by 7.059 participants
- Agreements on cooperation** with the Chamber of Commerce,
the largest business organizations, Faculties and local municipalities
- Types of these events :** workshops,
professional lectures of different levels, depending on the target group,
professional visit,
conference,
international conference,
commercial presentation, ect.
