CURRENT DUAL EDUCATION PROJECTS

Co-funded by the
Erasmus+ Programme
of the European Union

Promotion
and Education
Center

The Promotion and Education Center was established in 2015.

Its primary task is to provide companies and their staff with continued business education.

The concept of lifelong learning through the implementation of dual education is the guiding principle of the Center's work.

The Center's mission is to provide continuous education to our member companies and other companies, through specialist courses on current topics according to the demands of the labour market.

The Chamber has close cooperation with the Federal Ministry of Education and Science, as well as with many universities, and participates in the development of current policies and strategies.

Co-funded by the
European Union

Economic and social development are greatly influenced by climate change. It is critical that the higher education system contributes to building capacity for a sustainable and resilient society, capable of building our vulnerable economies and the education systems necessary to create climate resilient communities.

Our role in the Project:

- Lead dissemination activities;
- Establish and keep communication, with private and public entities;
- Organised dissemination and exploitation activities;
- Support HEIS in BiH in conducting surveys and interviews with business communities and other stakeholders;
- Promotion of the 1 Future Project through press releases, Chamber website and digital media;
- Designing student and staff practices in selected business and public organization and select a representative case studies

Thank you for your attention!
