CEM – List of trainings organized to address
the needs of business sector within
sustainability filed

Chamber of Engineers of
Montenegro

Date: 15 Jun 2023

Place: Lund

Co-funded by the
European Union

Chamber of Engineers of Montenegro/CEM

- We started with the promotion of the 1FUTURE project, after kick of meeting in Tirana.
- As a reminder - CEM is a organization of 2,500 engineers.
- We presented the project at many individual events within the framework of mandatory professional development for engineers of all professions.

Chamber of Engineers of Montenegro

- We made a Rollo banner and created a presentation text lasting 5 minutes, which is suitable to present the methodology and key objectives of the project, and to announce the inclusion of the business community in the survey.

- We presented the Project to the Steering Committee, which consists of representatives of all 5 professional chambers and competent Ministry.
- We informed about the Chamber's participation in the project and the held kick-off meeting in Tirana, goals and obligations of our Chamber as a partner on the project.
