TIMELINE

1 Future based on Discourse

Build your community

You're in good company

Every day 50 new Discourse forums are created

Discourse now powers over 20,000 online communities of all shapes and sizes, including:

Co-funded by the European Union

PRICE?

Discourse team offers an all-in-one (the product, with hosting, design and custom development) solution with the price of \$300 per month.

To our community is bring free from the UT team under the 1 Future project.

HOW DOES IT WORK?

Conversations, not pages.

One scroll → Simple, but with context

MAIN FEATURES

Simple searching & filtering

The screenshot shows a forum interface with a search bar containing the text "training". A dropdown menu is open, displaying search results for the "#Trainings Needs" category. The results include a link to "About the Trainings Needs category" and a description of the category. The forum header includes navigation options like "Latest" and "Top", and a table of search results with columns for "Topic", "Replies", "Views", and "Activity".

Do you want live notifications when people reply to your posts? [Enable Notifications](#)

To make launching your new site easier, you are in bootstrap mode. All new users will be... This will be automatically turned off when 50 users have joined.

Let's [start the discussion!](#) There are **2** topics and **4** posts. Visitors need more to read and can see this message.

MAIN FEATURES

Trust system*

As members become trusted regulars over time, they earn abilities to help maintain their community.

The user trust system is a way of:

- Sandboxing new users in your community so that they cannot accidentally hurt themselves, or other users while they are learning what to do.
- Granting experienced users more rights over time, so that they can help everyone maintain and moderate the community they generously contribute so much of their time to.

<https://blog.discourse.org/2018/06/understanding-discourse-trust-levels/>

<https://forum.smallgiantgames.com/t/guide-forum-discourse-trust-levels-new-basic-member-regular-leader/184373>

MAIN FEATURES

Trust system

Trust Level 0 -- New

- Send personal messages to other users
- "Reply as new topic" via Link button (UI removed)
- Flag posts
- Post more than 1 image
- Post any attachments
- Post more than 2 hyperlinks in a post
- Have actual links in the 'about me' field of their profile (will be silently and temporarily converted to plain text)
- Mention more than 2 users in a post
- Post more than 3 topics
- Post more than 10 replies
- Edit their own posts after more than 24 hours

MAIN FEATURES

Trust system

Trust Level 1 -- Basic

Get to trust level 1 by...

- Entering at least 5 topics
- Reading at least 30 posts
- Spend a total of 10 minutes reading posts

Users at trust level 1 can...

- Use all core Discourse functions;
- All new user restrictions are removed
- Send PMs
- Upload images and attachments if enabled
- Edit wiki posts
- Flag posts
- Mute other users

MAIN FEATURES

Trust system

Trust Level 2 -- Member

Get to trust level 2 by...

- Visiting at least 15 days, not sequentially
- Casting at least 1 like
- Receiving at least 1 like
- Replying to at least 3 different topics
- Entering at least 20 topics
- Reading at least 100 posts
- Spend a total of 60 minutes reading posts

MAIN FEATURES

Trust system

Users at trust level 2 can...

- Use the "Invite others to this topic" button for one-click onboarding of new users to participate in topics
- Invite outside users to PMs making a group PM
- Daily like, edit
- Ignore other users
- Edit their own posts for up to 30 days after posting

MAIN FEATURES

Trust system

Trust Level 3 -- Regular

Get to trust level 3 by...

- Must have visited at least 50% of days
- Must have replied to at least 10 different non-PM topics
- Of topics created in the last 100 days, must have viewed 25% (capped at 500)
- Of posts created in the last 100 days, must have read 25% (capped at 20k)
- Must have received 20 likes and given 30 likes.
- Must not have received more than 5 spam or offensive flags (with unique posts and unique users for each, confirmed by a moderator)
- Must not have been suspended or silenced in the last 6 months

MAIN FEATURES

Trust system

Users at trust level 3 can...

- Recategorize and rename topics
- Access a secure category only visible to users at trust level 3 and higher
- Have all their links followed (we remove automatic no follow)
- TL3 spam flags cast on TL0 user posts immediately hide the post
- TL3 flags cast on TL0 user posts in sufficient diversity will auto-silence the user and hide all their posts
- Make their own posts wiki (that is, editable by any TL1+ users)
- Daily like & edit

MAIN FEATURES

Trust system

Trust Level 4 -- Leader

Users at trust level 4 can...

- Edit all posts
- Pin/unpin topic
- Close topics
- Archive topics
- Make topics unlisted
- Split and merge topics
- Reset topic bump date
- Daily like & edit
- Any TL4 flag cast on any post immediately takes effect and hides the target post
- Can send personal messages to an email address
